ISL CONSENSUS 2020 DOCUMENT UPDATE

(<http://www.u.arizona.edu/~witte/ISL.htm>)

A discussion will take place at the next International Congress of Lymphology (September 2019) concerning updates to the ISL Consensus Document on the diagnosis and treatment of peripheral lymphedema. Please send any comments or suggestions for changes, deletions, additions, or clarifications to the Central Office for inclusion of items for discussion. (grace@surgery.arizona.edu)

ANNOUNCEMENT

Two USD\$ 500 ISL Presidential Prizes will be awarded for young lymphologists to participate in the 27th International Congress of Lymphology in Buenos Aires, Argentina, September 23-26, 2019.

The nomination packet should contain:

- The nomination letter (1 page in length and addressed to the Secretary-General, ISL) from an active ISL member.
- Submitted abstract(s).
- Abbreviated curriculum vitae of the nominee (maximum 2 pages).

The nominee should either still be in training or within 5 years of having completed training (PhD or medical residency or fellowship).

In addition, for the prize winners designated after peer review of the nomination packets, other assistance may be provided at the discretion of the Congress Organizing Committee.

The ISL Presidential Prize winners will be honored during the Congress including at the Gala Banquet. All prize winners must attend the Congress and submit a manuscript for publication in the Proceedings or in journal Lymphology.

Deadline: June 15, 2019

Packets should be e-mailed to:

Courses

#1 – Strength after Breast Cancer – Strength ABCs

Breast cancer diagnosis can be a devastated situation for any women, but also their relatives. After breast cancer treatment, survivors must lead with scars, surgical sequelae, radiotherapy burns, and sometimes, lymphedema.

Leader: Kathryn Schmitz, PhD, MPH, FACSM
Registration Fee: \$200

#2 – Venolymphatic Drainage with an Osteopathic Approach (hands on course)

There are several body rhythms (rhythm of the heart, respiration, peristalsis...), which interfere with each other and ultimately produce a slow rhythm in the human body, unique for that person and that moment. One of the most interesting rhythms that promote this body or tissue rhythm, is the active vasomotion of lymphatics and vessels.

Leader: Guido F. Meert
Registration Fee: \$400 (full course);
\$100 (Part One only)

#3 – Taping®. Course for Lymphedema

Current techniques will be presented with a clear focus on searching evidence and providing reliable results patients with lymphedema. We will have the magnificent opportunity to share experience with the founder of the Kinesio Taping® Method.

Leader: Kenzo Kase
Registration Fee: \$200

#4 – International Symposium on Taping for Lymphedema

We would like to invite you to attend the International Symposium of Taping for Lymphedema patients with the special participation of Dr. Kenzo Kase and other world leaders who will present their experiences and results.
